PROFESSIONAL SUMMARY

Pre-Underwriting and Customer Support Associate with over 1 year of experience in healthcare process auditing, quality assurance, and client-facing support. Proven track record maintaining 95% SLA compliance while auditing 115+ medical reports daily and validating 1,000+ QC-approved reports monthly. Skilled in audit documentation, report validation, and escalation resolution, with strong analytical ability in identifying quality gaps in automated systems and driving process improvements. Background in Biotechnology and Biochemistry, bringing a detail-oriented, data-driven approach to underwriting support and patient-facing operations.

PROFESSIONAL EXPERIENCE

Data Entry User, MediBuddy

Oct 2024 – Feb 2025

- Entered pathology and medical history data of customers accurately into the system, ensuring data integrity and completeness for downstream QC review.

QC Associate, MediBuddy

Feb 2025 – May 2026

- Maintained quality control processes within 95% SLA parameters, auditing an average of 115 medical reports daily for accuracy and compliance.
- Documented quality assurance activities, internal audits, and verification reports, supporting compliance requirements and validating 1,000+ QC-approved reports monthly.
- Trained and onboarded new team members on quality control processes, auditing systems, and compliance standards, improving overall team performance.
- Audited cases processed through automated systems, identifying quality gaps and collaborating with cross-functional teams to refine processes.

Customer Support Associate, MediBuddy

May 2026 – Jul 2026

- Managed high-volume outbound calls of ~85 calls daily to schedule patient appointments and coordinate with diagnostic centers, maintaining 80–85% productivity.
- Resolved client escalations related to appointment delays, feedback, and service issues, ensuring timely closure.
- Conducted feedback calls to gather patient experience insights and support continuous service improvement.
- Coordinated with multiple healthcare centers to verify appointment availability and confirm bookings accurately.
